OS Mastery Quest

CSE316 – Operating Systems

Gamified Learning Initiative

To make learning Operating Systems more engaging, we are introducing a **Gamified Learning Challenge** titled “OS Mastery Quest”.

This initiative promotes **gamified learning** and aims to identify fast learners in the course.

During the semester, **three OS Mastery Quests** will be conducted:

- **Quest 1:** Before MTT
- **Quest 2 and Quest 3:** After MTT

Each quest will include **20 conceptual and problem-solving questions** based on topics covered in class.

Performance Tiers

Elite Tier – Top 10%

Advanced – Top 30%

Intermediate – Top 50%

Explorer – Remaining Participants

Students who **maintain a Top 10% rank in all three quests** will receive:

Elite Tier Badge + 10 Marks in CA2 (CSE316)

Leaderboard

Student performance and badges will be displayed on the leaderboard:

<https://fsad-cse.vercel.app/leaderboard>

Mandatory Registration

All students must register before attempting the quest using the following Google Form:

<https://forms.gle/13Go3FDDjZ6sWqEb7>

Important Instructions

1. The **respective class teacher will conduct the quests during the class.**
2. The **quest link will be shared only during the class** by the instructor.
3. Students will have **only one attempt.**
4. The quest must be attempted **inside the classroom under faculty supervision.**
5. While joining the quest, the display name must follow the format:

Section_RollNo_RegistrationNo

Example: 224BD_35_12112345

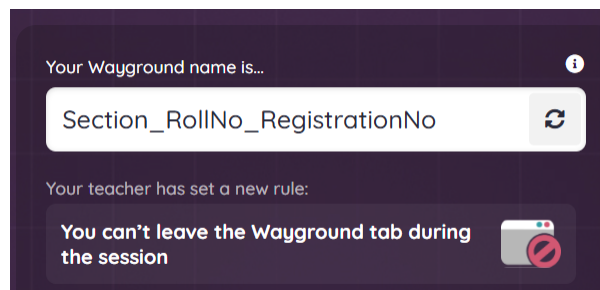

Figure 1: Wayground quest joining interface where students must enter their display name in the format **Section_RollNo_RegistrationNo** instead of their actual name.

Note

Students are encouraged to participate sincerely and make the most of this **gamified learning opportunity** to strengthen their understanding of Operating Systems.
